

## Conegliano Wine Tour

The Prosecco di Conegliano is a sparkling wine and is one of the most typical products of these lands. The vine's origins are uncertain, but it probably comes from the Venezia Giulia area or far more eastern areas. **Public tour option not available!**

Day trip (9.30 a.m. - 6.00 p.m.) includes: private air-conditioning minivan, guide in your language, wine tasting and light lunch. **Minimum of 4 people.**

For this kind of tour we haven't got public tour available so you have only the option for a custom designed tour. We suggest booking in advance because it takes long time to arrange this kind of service.
